NecroSearch International Inc. is a 501(c)3 volunteer multidisciplinary team of specialists dedicated to assisting law enforcement in the location of clandestine graves and the documentation and recovery of evidence (including human remains). Aside from clandestine burials, NecroSearch also assists in evidence and remains recovery on ground surface. We only accept requests from law enforcement agencies and not personal/non-law enforcement organizations. Since 1988, we have assisted in over 300 cases in 43 states and 10 foreign countries.
